

THE EAST SIDE TRANSPORTATION INITIATIVE

Construction Field Inspectors

To improve transportation for residents on the east side of Lake Winnipeg, the East Side Road Authority (ESRA) is constructing a 160 kilometre all-season road from PR 304 to Berens River. In addition, ESRA is also planning transportation improvements for the remainder of the region. As the project proceeds, ESRA is seeking Construction Field Inspectors.

Duties

Working under the guidance and direction of a Project Manager, these positions perform skilled and technical construction inspection work and surveys for road and bridge projects. Responsibilities include:

- assuring compliance with standards, specifications, and special requirements within contractual provisions
- providing information and responding to inquiries from contractors, staff and the general public
- maintaining a variety of logs and records, inspection and construction reports and other documentation

Qualifications

Certified Engineering Technologist or Technician with experience in contract administration/construction inspection related to heavy civil construction or a combination of education and experience are suitable for the position. Experience with survey grade GPS equipment and appropriate software to perform check surveys, layout and quantity surveys for road works, stockpiles and borrows is an asset. Travel in remote areas of Manitoba is a requirement of this position as work is located along the east side of Lake Winnipeg and the successful applicant must be on site for extended periods of time.

The successful applicants will:

- work closely with Aboriginal communities
- require problem solving skills in dealing with contractors and consultants
- be proficient in relevant computer applications
- demonstrate good oral and written communication skills
- demonstrate experience in contract administration
- knowledge/experience in workplace safety and health, and environment would be considered assets

Please submit your resumé on or before
